NSK2400

NEW SOLUTION SERIES

That quiet wonder adorning your desk

The first desktop in Antec's award winning Solution Series of enclosures has arrived. The NSK2400 Desktop case features a unique triple-chamber structure, designed to isolate heat and noise produced by the power supply and hard drives which ultimately means a quieter computing environment. Along with its exceptional ventilation and attractively understated styling, the NSK2400 also includes a high-efficiency 380W ATX12V v2.0 power supply with universal input and Active PFC—so you can place its beauty anywhere, with no second thoughts.
